PROF. BEGGAR VISITS GRAYLING

A lady giving her name as Margaret Sweeney Anderson, who apparently is a professional beggar, appeared in Grayling on Thursday and Friday of last week and it is not known just how well she may have fared while here. It was her custom wherever she went to appeal to the American Legion posts, to whom she would tell a story of a lost son she was seeking, and would appeal for funds to enable her to continue her journey.

She called at the Avalanche office and started in by telling mean things about the Red Cross. As this was the first time we had heard the Red Cross criticised, we asked her to explain which she made a feeble attempt to do and we concluded that she was a fraud and had probably been exposed by that organization. That afternoon she continued her pilgrimage to other fields. She said that she was 85 years old and that her home was in Sioux City, South Dakota.

Later we were able to gain the following information concerning Mrs. Anderson, thru a communication that had been sent out by David F. Tilley, assistant director of war service, of Washington, which reads as follows:

May 18, 1925
RE: Marion S. Anderson, alias Marie Paulson, Molly Lindquist, Marie Hicks, Mary Rix, Della Hicks, Lizzie Olson, Marie Hanson, Mary Erickson, Mary O'Brien, Margaret Anderson.

To All Home Service Workers:
Word has recently come to us that the above who has been circulating several times by the Red Cross, is again traveling about soliciting Red Cross assistance. Mary Anderson has been wandering about the country for the past 25 years or more, soliciting help from different social agencies and has boasted that she has covered most of the states in the Union with little cost to herself.

In 1919 she began contracting Red Cross chapters ostensibly to ask about delayed allotment from a son in service. She invariably asked for money to take her on to another town where she had friends who would give her employment. In recent years she has received considerable notice in the papers, having started from South Dakota on foot for Washington in 1920 to interview the late President Harding for the purpose of securing a pardon for her son Joe Anderson who was serving time at Leavenworth for desertion. She did succeed in securing a pardon but the boy was re-arrested at the gate by Federal officers upon another charge for which he was sentenced to serve another year. Mary Anderson again went to Washington and this time secured a blanket pardon covering any offense her son may have committed during his service.

She has recently appeared at Holland, Michigan, and enlisted considerable sympathy with her story of searching for a shell shocked son, this time calling herself Mrs. Hicks Anderson Hanson. This is the same son for whom she twice secured a pardon.

Mrs. Anderson is about 65 years old, is gray haired, all her teeth but 2 in front are missing and she has a decided hump on her back. She has been committed to several insane asylums in Wisconsin and Minnesota

but somehow always manages to escape. She has been wandering about so long that it is almost impossible to establish a legal residence for her. Many attempts have been made to secure an examination for the woman to determine her mental condition but she usually manages to secure enough money and get away before plans can be put into execution. She is apparently trying to work the smaller chapters at present, on the chance they do not know her history. She is well known to most of the social agencies in the northwest and the larger chapters and she evidently wants to keep out of their way.

Should she come to the attention of your chapter she should not be given any financial help. She is in no way a Red Cross responsibility and certainly should not be encouraged to continue her wanderings over the country.

Asst. Dir., War Service.

BIGGEST DAIRY EXPOSITION IN HISTORY ASSURED

Now is the time for Crawford county people to make their plans for attending the National Dairy exposition at Indianapolis next month. All arrangements have been completed for the largest and most comprehensive National Dairy exhibition in the history of this great educational institution's nineteen years of history.

Among the interesting and highly educational exhibits at the 1925 exposition, which will be at Indianapolis, Oct. 10 to 17, will be 1,500 of the world's finest dairy cattle, the largest exhibit of dairy machinery ever assembled, the mammoth United States government exhibit that pictures every step of production, care, manufacture and distribution of dairy products from the farm to the consumer, a new and very valuable health food show and judging and demonstration contests by champion boys, girls and grown-ups from all over the United States and Canada. All these highly educational things may be seen and studied for one admission charge of 50 cents.

Free and one half of the current one-way fare is announced by all principal railroads in the United States and eastern Canada.

Visitors who make the trip by auto will be provided with free parking facilities right on the grounds. Those who come prepared to camp out may do so with no cost on several acres reserved for that purpose. Detailed information on the Exposition, including automobile tours and special trains may be procured from R. D. Bailey, Crawford county agricultural agent.

CRAWFORD CO. AGAIN TAKES FIRST HONORS

Crawford county again won honors when Mr. and Mrs. William Feldhauser of Maple Forest township took an exhibit similar to the one they won honors on at the North Eastern Michigan fair in Bay City to the Olsego county fair at Gaylord last week. The county exhibit took first prize on all grains and hay, apples, pumpkins, squash, ruta bagas and sugar beets. Also a sprig of second growth Dutchess apple blossoms, that were plucked from a tree in the Clark Yost garden, attracted a lot of attention. The tree had blossomed in the spring and bore a crop, and recently gave forth the second crop of blossoms, which is a very unusual thing to occur and very much out of the ordinary.

Also Mr. and Mrs. Feldhauser had a number of single entries upon which they won prizes. The former won 1st prize on wheat and clover seed and one plate of apples. Mrs. Feldhauser won 1st prize on a beautiful bedspread and quilt, and in the antique exhibit won second prize on a quilt that is 57 years old. The one that won first prize was 85 years old.

BAN ON FISHING AND HUNTING

ONLY MAIN TROUT STREAMS BE OPEN THIS YEAR

Prohibit Spearing Thru Ice In All Lakes and Streams.

The State Department of conservation has announced a number of drastic changes in the fishing and game laws of Michigan, taking effect Monday, September 21st.

The orders especially effecting this part of Michigan are as follows:

Closing the north and south branches of the AuSable, the Pine and Pere Marquette rivers to trout fishing except with fly; prohibited all hunting in Roscommon township, Roscommon county; Grant township, Cheboygan county; Beringer township, Presque Isle county; Sherman township, Gladwin county; closed season on fishing in Autrain lake, Anger county, one year, due to the planting of 600 small mouth bass there this fall, all of breeder size; closed season on hunting in B' township, Emmet county; closed season on pheasants in upper peninsula for five years; closed Ogemaw county for prairie chicken hunting for five years; increase size of small and large mouthed black bass taken in lower peninsula from 10 to 12 inches with bag limit of five in a day or ten in possession at one time; prohibited the trolling from a motor or sail boat.

All trout streams in the state were closed to fishing, but at the next meeting of the commission, the main trout streams will all be opened. The general order on all streams was put into effect, so as to close all feeder streams. Many of these streams are not named, and to give the department the power to designate which streams are feeders; it was decided to close all, and then open the main streams.

MRS. SWENSON KILLED IN AUTO ACCIDENT.
Was Former Well Known Resident of Grayling.

A newspaper clipping from South Aberdeen, Washington tells of the very sad death of Mrs. Peter Swenson of that place, formerly a well known resident of Grayling, when the automobile in which she and Mr. Swenson were driving to California plunged over a steep bank, 12 miles south of Dunsuir, Calif.

The accident which cost Mrs. Swenson her life occurred near the top of a grade in the rough Sacramento canyon between Dunsuir and Redding. Mr. Swenson drew his car to a halt behind two others which had stopped near the crest of the rise, and got out to put water in the radiator. The car started sliding backwards, and Mr. Swenson ran back to tighten the brakes. In reaching for the brake he deflected the steering wheel a trifle, and the car rolled across the road and over the edge, despite all his efforts to halt it. It turned over once. A piece of glass pierced Mrs. Swenson's head, causing instant death.

The Swenson family left Grayling over 15 years ago for South Aberdeen. They were highly esteemed citizens and still have many warm friends here who are sorry to learn of Mrs. Swenson's demise.

Besides her husband, Mrs. Swenson is survived by three daughters, Mrs. Harry Lungberg of San Francisco, and Mrs. Traey Vanucia and Mrs. John Nordgren of Aberdeen. The girls will be remembered as Misses Hilda, Gerda and Tyra.

Success Commandments

(By Charles M. Schwab)

- 1—Work Hard. Hard work is the best investment a man can make.
- 2—Study Hard. Knowledge enables a man to work more intelligently and effectively.
- 3—Have Initiative. Ruts often keep men into graves.
- 4—Love your work. Then you will find pleasure in mastering it.
- 5—Be Exact. Slipshod methods bring slipshod results.
- 6—Have the American Spirit of Conquest. Thus you can successfully battle with and overcome difficulties.
- 7—Cultivate Personality. Personality is to a man what perfume is to a flower.
- 8—Help and share with others. The real test of business greatness lies in giving opportunity to others.
- 9—Be Democratic. Unless you feel right toward your fellow men you can never be a successful leader of men.
- 10—In all things do your best. The man who has done his best has done everything. The man who has done less than his best has done nothing.

APPRECIATION

The Crawford County Red Cross chapter wish to thank the public for their fine cooperation in making the regional conference of the Red Cross a success, especially the Ladies Aid society, decorating and music committees, and the various clubs. Also the board of trustees for the use of the Michelson Memorial church, and the Avalanche for its publicity.

Red Cross Committee.

THE RED CROSS CONVENTION

In order to promote a closer union between Chapter people, to exchange plans and to stimulate interest in the coming Roll Call of the American Red Cross, held Armistice day to Thanksgiving each year, a Regional Conference was held at Grayling on September 23.

Mr. Chris Olsen, chairman of the Crawford County Chapter presided. After the invocation the morning topic of Chapter Building for the future was taken up. Miss Marie Comstock, State counselor and chairman Nursing Activities, Alpena Chapter, spoke on The Value of a Definite Program and All Year Round Publicity. A general discussion followed lead by Mr. F. W. Clugg, Chairman Antrim County Chapter, Mancelona. Mr. Sim Lewis, Chairman Junior Red Cross, Otsego County Chapter, Gaylord, spoke on Successful Committee Work and Its Relation to the Itinerant Nursing Service, followed by a discussion.

Luncheon was served at 12:30 at which Miss Edith Root Miller, Staff Assistant, Midwestern Branch, American Red Cross, St. Louis, spoke on The American National Red Cross in 1925.

Supt. B. E. Smith acted as toastmaster at the noon luncheon in the absence of T. W. Hanson who was to have presided.

At 2 p. m. Mrs. J. L. Laffin, Presque Isle County Chapter, spoke on Planning for Roll Call, followed by a general discussion. An announcement of the Red Cross National Convention to be held in St. Louis, October 12 to 15, and a summary of high points of the conference closed the session.

The attendance was far from what it should have been, only about 20 delegates appearing, and many of the 16 counties were not represented at all. The program was full of interest and inspiring talks and of much aid and information to the delegates.

At the close of the conference the guests were taken for rides about the city and to the Military reservation, the citizens of Grayling acting as hosts.

Delegates In Attendance

The following delegates were in attendance at the meetings.

Mrs. W. E. Chapman, Cheboygan. (delegate). Mrs. J. C. Rittenhouse, Cheboygan. Mrs. R. A. Paddock, Cheboygan. Mrs. Ethel Mason, Grayling. Elba Morse, St. Louis, Mo. Beulah C. Russell, Grand Rapids. Edith R. Miller, St. Louis, Mo., staff assistant.

Mrs. Eva Reagan, Grayling. Mrs. Squires, Grayling, Crawford County nurse.

Mrs. Welsh, Grayling. Mrs. Laura N. Raas, Johannesburg. Mrs. Andrew Larsen, Johannesburg. Mrs. Chris Freiberg, Johannesburg. Mrs. Charles Hurd, Johannesburg. Mr. R. D. Bailey, Grayling. Chris Freiberg, Johannesburg. Mrs. L. J. Kraus, Grayling. Mrs. Paul Hendrie, Grayling. Mrs. Schreiber. Mr. M. Hanson, Grayling. Mrs. Anna Jackson, Gaylord. Mrs. Frank Wilkinson, Gaylord. Frank Wilkinson, Gaylord. A. H. VanDoran, Gaylord.

ENTERTAINMENT HIGHLY ENJOYED

Monday evening the Goodfellowship Club sponsored an entertainment of a very high character at the school auditorium. Mildred Bass Anderson, reader of plays, gave an impersonation of the beautiful story, written by Frances Hodgson Burnett, "Emeralds".

The entertainer, was greeted by a fair sized audience whose wrapped attention gave evidence of their keen enjoyment during her program.

During the evening three excellent musical numbers were much appreciated. Mrs. Carl Mickelson of Mason with Mrs. C. G. Clippert sang three beautifully rendered duets while Herman Hanson, whose splendid ability as a violinist has long been recognized in this vicinity rendered two numbers, accompanied by Mrs. B. E. Smith.

The Goodfellowship club are to be congratulated for bringing an entertainment of this type to our city.

LYCEUM TICKETS NOW ON SALE

LOW PRICE INSURES SUPPORT OF PUBLIC

The Lyceum ticket sales committee has started its work this week in an endeavor to canvass the entire city in an effort to make a record sale of season tickets to the local course being put on by the Epworth League.

The course this year consists of four high class numbers that offer unusual talent and entertainment. The numbers are secured from the Redpath bureau, which in itself insures high class entertainment. Advertising material covering the four numbers is on display at the Post office this week.

The low price of season tickets this year places the course within the reach of every one, but it will only be by the whole-hearted support of the public that such a low price can be expected to continue. Meet the committee with a smile and purchase tickets for the entire family for you cannot afford to miss the entertainment offered. Tickets can be secured from the district distributors at your home, or from Miss Kathryn Brown at the Central Drug store.

Roosevelt Party Gets Blue Sheep in Asia

Chicago.—In a letter to James Simpson, president of Marshall Field & Co., and patron of the Simpson-Roosevelt expedition to Central Asia to collect for the Field museum, Kermit Roosevelt reports that three burriel, wild blue sheep of the Tibetan mountains, have been shot.

The burriel resembles a goat, according to the museum officials, but has no whiskers. Roosevelt, who with his brother Theodore is in joint command of the expedition, added that three Tibetan antelope and numerous specimens of small mammals and birds had been obtained.

In crossing the Himalayan ranges the expedition reached at one time an altitude of 19,700 feet.

Coolidge Plans to Address Farmers in Chicago Dec. 7

VOCATIONAL GUIDANCE CLINIC SAT.

DR. CAMPBELL OF STATE PSYCHIATRISTS WILL BE HERE.

On Saturday of this week, at the school building, there will be held a Vocational Guidance clinic.

Dr. Campbell, one of the State Psychiatrists will be in charge. Several people have said they will be very glad to come to it. Any one who has any nerve difficulty or who cannot get on in school, well, may come and find help. Retardation in school is often correctable by the advice of a Psychiatrist.

Everyone is welcome to attend.

HEALTH NOTES.

These are the changeable days. See that your children wear warm enough clothing, but do not let them "bundle up." Sweaters are the best thing at this time. Do not let them wear heavy clothing in the house. That is one good way to take cold. Make them keep the windows open. Stale air even tho' cold is bad, pure fresh air keeps us well and helps us to resist disease. Plenty of bed covers are cheaper and better than paying the doctor. Prevention is better than cure. Better pay the doctor to keep you well than to get you well in the end. A health examination and then carry out the recommendations will save lives and health.

The nurse is at the Health center on Saturdays from 10 a. m. to 12 m. to see the rural folks, and every Wednesday afternoon now from 3 to 6 especially to see the town people. Mothers, bring your babies; come and talk about the children in school. Soon the nurse will be examining the Kindergarten and first grade children. When she does be sure you are present to give the child's history of health and to hear what the nurse says. The nurse will put in just as much time if you are not there, but you will not get as much for your money because she can never do as good an examination without the mother. Plan to put aside your work for that day. Your child's health is very important and since you are paying for the nurse anyway why not get all you can out of her services? Progress in school depends upon health and physical condition. Let us make it the best we can.

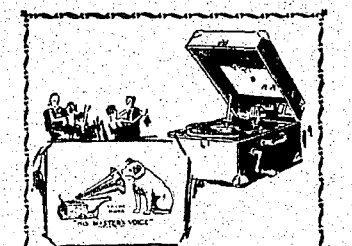

Football Here Friday

SEASON TO OPEN WITH GAME WITH BOYNE CITY

For the past two weeks Coach Burnham has been busy whipping his foot ball team into shape to enter the several contests that have been scheduled for the season. The first game will be with the Boyne City team, on Friday, September 25th at the Grayling Base ball park.

With a number of veteran players on Grayling's line-up this season, it looks as tho we should win most of the games scheduled. Coach Burnham is feeling very optimistic over the team this year and promises that they will be able to give a good account of themselves.

Following is a list of the games as scheduled to be played this season: Sept. 25—Boyne City, at home. Oct. 9—Cheboygan, at home. Oct. 16—Harbor Springs, at home. Oct. 23—Mancelona, at home. Oct. 31—Alpena, at Alpena. Nov. 6—Gaylord, at Gaylord.

HASTY MARRIAGES

An end of the evils attendant upon hasty marriages is seen in the law which recently went into effect in Michigan, which proves that five days must elapse from the date of issuing the marriage license until the time when the marriage ceremony can be legally performed. Professional reformers, who swooped down upon the legislature last spring, pointed out that with such a law on the statute books a part of the divorce evil would be done away with if young people were prevented from entering into hasty alliances and consequent leisurely repentance. It will remain to be seen whether the law works out that way. Other states that tried the experiment found it a costly mistake, young people resenting the state's interference in their love affairs and going in droves to border states where the ceremony could be performed without legal delay or surrounded with red tape measures. It is the opinion of many well-thinking people that the new statute is just another offshoot of the mania for law-making that has swept over the country the past few years.

PROHIBITION ENFORCEMENT

The government by appointing Gen. Lincoln C. Andrews director-in-chief of prohibition enforcement, seems determined to take prohibition out of politics and make the Eighteenth Amendment just as much respected as any other law written into the Constitution thru the will of the people. Gen. Andrews will divide the nation into 22 districts and has appealed to big business to furnish him with sufficient high-grade men to put in charge of each district.

The average citizen will read in this announcement a new light on law enforcement in this country. The falling down of liquor enforcement has had a drastic effect on the enforcement of other laws, and whether we agree or not that the liquor problem has been handled in the wisest way, we must at least lend our assistance to the present law if we are to prevent a reign of anarchy from spreading over the country.

With the abandonment of the M. & N. E. railroad it seems that the depot building might easily be acquired and converted with little expense into a profitable manufacturing plant. It is built of brick and cost originally \$33,000 to build it. It is nicely located and at present has sidetrack accommodations. Why not somebody with a little cash, an idea and some hustle grab up this opportunity?

LA FOLLETTE WINS SENATE NOMINATION

**Given Big Majority Over
Rivals in Wisconsin Republican Primary.**

Milwaukee—Young Bob LaFollette in Tuesday's primary won better than two to one the Republican nomination for the vacancy in the United States senate caused by the death of his father. The figures from more than four-fifths of the precincts indicate his final plurality over Roy P. Wilcox, the choice of the Oshkosh convention, will range somewhere around the 100,000 mark. Young Bob has a large majority over all three of his opponents combined.

In 2,260 precincts Bob has a plurality of 82,143 over Wilcox. These precincts yielded: LaFollette, 160,457; Wilcox, 78,314; McGovern, 47,502; Woodward, 36,423.

Former Governor McGovern is in fourth place. Daniel Woodward of Osh-

Firestone

Double the Mileage at Half the Cost

Only a few years ago a 32 x 4 cord tire listed over \$50.00. Today, you can buy the highest quality 32 x 4 tire—a Firestone Gum-Dipped Cord—for about \$26.00.

Last spring crude rubber cost tire makers around 40 cents a pound. Today, it is over 90 cents a pound.

It was not so long ago that 7,500 miles represented the average life of a cord tire, while today, 15,000 miles—and more—is only the usual performance for a Firestone Gum-Dipped Cord.

Due to large, concentrated production, specialized machinery and simplified factory methods, together with economical distribution, Firestone is able to keep tire prices low—no matter where the price of crude rubber goes.

And, because of special Firestone processes, chief among which is Gum-Dipping, motorists are today getting thousands of extra

miles by using Gum-Dipped Cords.

Gum-Dipping is an exclusive method used by Firestone. It is an extra process, carried out in special Gum-Dipping plants, after which the cords are put through the usual calendaring machines. Gum-Dipping insulates and impregnates every fiber of every cord with rubber, and practically eliminates internal friction and heat, and builds strength and endurance into the tire.

In the day-in and day-out service of taxicabs, buses and trucks—on the cars of hundreds of thousands of motorists everywhere—Gum-Dipped Cords are giving unheard-of mileage, dependability and satisfaction.

Get ready for the coming months of slippery pavements and bad roads. Assure yourself of greater safety, comfort and economy by equipping now with Firestone Full-Size Gum-Dipped Balloons.

THIS IS A STUDEBAKER YEAR

Pledge to the Public on Used Car Sales

1 All used cars offered to the public shall be honestly represented.

If a car is suitable only for a mechanic who can rebuild it, or for some one who expects only a few months' rough usage on a camping trip, it must be sold on that basis. Each car must be sold for just what it is.

2 All Studebaker automobiles which are sold as CERTIFIED CARS have been properly reconditioned, and carry a 30-day guarantee for replacement of defective parts and free service on adjustments.

This is possible because tremendous reserve mileage has been built into every Studebaker, which it is impossible to exhaust in years.

3 Every used car is conspicuously marked with its price in plain figures, and that price, just as the price of our new cars, is rigidly maintained.

The public can deal in confidence and safety only with the dealer whose policy is "one price only--the same price to all." For, to sell cars on this basis, every one of them must be honestly priced to begin with.

4 Every purchaser of a used car may drive it for five days, and then, if not satisfied for any reason, turn it back and apply the money paid as a credit on the purchase of any other car in stock--new or used.

It is assumed, of course, that the car has not been smashed up by collision or other accident in the meantime.

Not only to the public, but also to The Studebaker Corporation of America, whose cars we sell, we pledge adherence to the above policy in selling used cars.

Allen Schreur, Gaylord, Mich.
Dealer for Crawford and Otsego Co.

The Studebaker Corporation of America takes pride and pleasure in announcing that the above Pledge is being carried out by

Allen Schreur, Gaylord, Mich.
Dealer for Crawford and Otsego Co.

THE Pledge speaks for itself. It is a formal declaration of the fair and square attitude of Studebaker dealers toward the public. It is an assurance of honest dealing in a line of merchandising

which in some times and places has fallen into ill repute. It is an assertion of confidence in the reserve mileage built into the sturdy "one-profit" Studebaker automobiles.

FRENCH BLAST RIFFS FROM EL BIBANE PEAK

Take Rock-Rimmed Fortress
From Tribesmen After Ter-
rific Fighting.

Fez, French Morocco.—Bombs and bullets from 150 airplanes and 10,000 men blasted 1,000 Rifians from the rock-rimmed fortress atop El Bibane peak when the French launched a furious counter attack against the precipitous stronghold.

The twenty-five air squadrons, including naval goliaths, bombed the heights for hours before the ground forces advanced. Bibane had been captured the day before by a sudden Rifian assault, and the French sought vengeance. While the planes dribbled death from above, field guns hurled shrapnel into the Rifian position, 2,000 feet above the valley.

When the infantry was unleashed against the Rifians, after artillery and aerial preparation, the soldiers bailed only long enough to bring their machine guns into place before rushing forward for the crazy, scrambling assault on the peak where they hoped to obliterate the memory of the costly defeat by a liberal shedding of Rifian blood. The enemy repelled with a burst of concentrated rifle fire, the Rifians being sheltered by tumbled rocks, but the attackers covered the first 500 yards with slight losses.

Reaching the outer works, the French clambered over, smashed through the Rifian barbed wire and poured into the fort.

The Rifians fled helter skelter down the eastern slope, hoping to escape into the defiles on the other side of the valley. But they were caught at the bottom, where the slope eases into the valley contour, under the fire of armored cars and tanks and the Mehalla native cavalry, which had girdled the mountain while the battle was proceeding on the summit. These horsemen took many Rifians prisoners.

The bulk of the infantry, in one attacking column, climbed crests a mile to the north of Bibane.

Bayonets and grenades forced the Rifians out of the blockhouse at Dar Renuch, and for the first time the attackers could see the Rifians massed at the summit of El Bibane. By noon the engagement was over, and the defenders who had escaped capture were fleeing into the jagged country to the north.

Public Inquiry of Air Service Wins Approval

Washington.—Public inquiry into the air service of the government was determined upon here by the special board created by President Coolidge to investigate this branch of the national defense and to devise the best means for its improvement.

The members of the board, after a preliminary meeting with the President, followed by luncheon at the White House, announced the decision that public hearings would be conducted here.

Dwight W. Morrow of New York, friend of the President and a member of the firm of J. P. Morgan & Co., was chosen chairman of the board.

Charles MacVeagh Picked for Ambassador to Japan?

Washington.—A report persisted in Washington that President Coolidge has selected Charles MacVeagh of New York city and Washington, to be the next American ambassador to Japan, to succeed Ambassador Bancroft. Confirmation of the report was not obtainable.

Mr. MacVeagh is a lawyer who maintains a residence in Washington, but who has practiced in New York since 1888. He is a member of the firm of Jennings, Russell and Davis, and has been general solicitor and assistant general counsel for the United States Steel corporation since 1901.

Congressman Hill Plans Bill to Repeal Dry Act

Columbus, Neb.—Congressman John Phillip Hill of Maryland, will introduce a bill in congress in December providing for the repeal of the Eighteenth amendment, he declared at the Mid-Nebraska exposition here.

Congressman Hill's address came one day later than that of Rep. W. D. Upshaw of Georgia, dry advocate, at the exposition.

"The law has been tested and proved an utter failure," Mr. Hill said. "The time has come when for the sake of the Constitution, if nothing else it must be repealed."

Father of Seven Killed

Minneapolis.—Struck by the propeller when he jumped from an airplane at a flying field at Robbinsdale, a suburb, Paul A. Balck, thirty-six, a city fireman, was killed. Balck was the father of seven children.

1925 Death Rate Lower

Washington.—The death rate for the first seven months of 1925 will be lower than the average of the last five years, despite many "heat wave" deaths, Surgeon General Cummings said.

Really Simple

He had proposed to her, as is still the custom with some people, and her answer had been "No. No!" Can you imagine then, why he crushed her exultantly to his manly breast and then rushed off to buy the license? Well, it's very simple: They were both English teachers and so knew very well that two negatives make an affirmative.
